Ubiquiti UniFi 16-port Generation 2 Switch

The USW-16-POE is a configurable Gigabit Layer 2 switch with sixteen Gigabit Ethernet ports including eight auto-sensing 802.3at PoE+ ports, and two SFP ports. It provides Gigabit PoE links to your RJ45 Ethernet devices and fiber uplink options to your enterprise network.

Benefits

- Measuring only 7.9" in depth, the UniFi PoE Switch is designed for convenient installation; rackmounted in a SOHO cabinet or placed on a desktop
- SFP ports enable network uplinks of up to 1 Gbps
- Features fanless, silent thermal cooling, so it can be deployed in areas where fan noise would be distracting
- Offers the forwarding capacity to simultaneously process traffic on all ports at line rate without any packet loss
- PoE support simplifies your network infrastructure and cabling. PoE ports offer 802.3af/at to power your PoE devices, such as UniFi APs and cameras
- The 1.3" touchscreen displays status information for easy monitoring and quick troubleshooting
